

Final exam question typos:

### Question 47:

QUESTION 47

2 points

Save Answer

The

- ☐ a. less than the lowest
- ☐ b. less than the highest
- ☐ c. more than the lowest
- ☐ d. more than the highest

I left it blank on my final since I was not sure what the question was.

### Question 49:

QUESTION 49

2 points

✓ Saved

When inserting a row into a table, how can you indicate that a row contains a NULL value?

- ☐ a. In the VALUES clause, include a blank space in the position where the value should be listed.
- ☒ b. In the VALUES clause, substitute two single quotation marks for the NULL value.
- ☐ c. both a and b
- ☐ d. In the VALUES clause, include the keyword NULL in the position where the value should be listed.

I believe the answer was both B and D but it had no option of choosing those two.
